Hey Breezmeister: A brand new Finn 302 with a 1-year factory warranty is \$11,995 plus shipping. Can we get one coming your way? I believe this is just a bit more than what most rebuilders are charging to "rebuild" these units, which isn't what we would actually consider a rebuild. We can also supply knives, knife clamps, packing, bearings, seals, etc. If you are interested, send us a list of everything you are needing and we will put together a quote for you. Email: Sales@premach.com/ Phone: 800-722-9841. We look forward to working with you!
